BURGWINDECK

Your options at Windeck

Burg Windeck lies on its own vineyard hill at the mountainside of the northern Black Forest. The ensemble of buildings reach around the tower ruin in a half circle, whose origins go back to the 12th century.

The hotel has 21 accommodations, furnished in a simple yet elegant country style. All rooms are equipped with a safe and minibar.

We redesigned our "Kupferstube" to a lounge, which invites our guests to linger with a fine glass of wine or a cocktail. It also provides access to an internet terminal.

The Panorama-Restaurant offers, aside from a fantastic view of the Rhine valley up to Strasbourg, Baden-mediterranean cuisine with fresh produce from local farmers. It's suited for events up to 100 people.

The "Burgstube" appears as romantic chamber for private celebrations, which most notably reveals its unique charm by candlelight.

Conferences or celebrations are possible in our "Bergfriedsaal".

This hall reflects the ancient age of chivalry.

The gallery "Pferdestall" is suitable for seminars up to 20 participants.

For smaller meetings our "Dr. Manfred-Fischer-Stude" and our "Kupferstube" are at disposal.

When work is done, our small wellness haven serves as place of relaxation. The fitness area provides modern gym equipment from TechnoGym.

In the wine and tasting chamber our winemaker illustrates the variety of the mountainside.

During the sensory tasting you get to know the vineyard location "Bühler Burg Windeck Kastanienhalde" with its diverse wines.

Enjoy summer on the inner ward terrace with a view way beyond Strasbourg, while tasting the sweet delights of our in-house patisserie and be spoiled with breathtaking sunsets and fine cuisine.

For smaller groups we recommend our "Burghof"-terrace as special highlight, with likely the most beautiful view of Baden, from the Vosges mountains all the way to the Black Forest.

The original preserved "Pferdestall" (horse stable) today provides a cosy atmosphere for young and old. After an extensive walk or a visit of the panorama playground it is the perfect destination.

Talk to us if you are planning a private celebration or corporate event. Together we develop your individual program.

We gladly present you our Castle with its many possibilities.

As special feature, our "Männel" Deschner tours you through the castle ruin and narrates about the history of the old Windeckers.
